

The 10-Year Framework of Programmes on Sustainable Consumption & Production

An Overview

3°C or more

rise in temperature by the end of the century, due to doubling of GHG emissions by 2050, under BAU.

60%

of ecosystems are now damaged or being used unsustainably

2 to 3 billion

additional **middle class consumers** by 2030

140 billion tonnes

of global extraction of natural resources per year if consumption stays at current developed country rates

What is SCP?

Secretariat

Sustainable Consumption and Production (SCP) is about “the use of services and related products, which respond to basic needs and bring a better quality of life while minimizing the use of natural resources and toxic materials as well as the emissions of waste and pollutants over the life cycle of the service or product so as not to jeopardize the needs of further generations”.

(Oslo symposium, 1994)

ONLY ONE EARTH

SCP is not necessarily about consuming less. It is about doing more and better with less.

Agenda 21, adopted in Rio de Janeiro in 1992

“The **major cause** of the continued deterioration of the global environment are the unsustainable patterns of consumption and production...”

Johannesburg Plan of Implementation (JPOI) – 2002

“SCP is one of the **overarching objectives of, and essential requirements** for, sustainable development.”

“Encourage and promote the development of a **10-year framework of programmes (10YFP)** in support of regional and national initiatives to accelerate the shift towards SCP....”

Marrakech Process: Outcomes

Development of regional SCP Strategies: in Africa, Asia Pacific, Latin America, Europe and West Asia.

Development of National SCP Programmes through capacity building and implementation over 15 countries.

Seven Task Forces : voluntary initiatives led by governments, in cooperation with multi-stakeholder partners that focus on developing and implementing SCP policies, business management practices, consumer action, capacity building and projects.

Over 70 initiatives on SCP with 33 demonstration and pilot projects implemented worldwide.

Rio+20 Adopts the 10YFP

Secretariat

Paragraph 226. We adopt the 10-year framework of programmes on sustainable consumption and production patterns, as contained in document A/CONF.216/5, and highlight that the programmes included in the 10-year framework are voluntary. We invite the General Assembly, at its sixty-seventh session, to designate a Member State body to take any necessary steps to fully operationalize the framework.

(The Future we Want: Rio+20 Outcome Document)

What is the 10YFP?

Secretariat

It is a global framework of action to enhance international cooperation to accelerate the shift towards SCP in both developed and developing countries.

“ Fundamental changes in the way societies produce and consume are indispensable for achieving global sustainable development.... Governments, relevant international organizations, the private sector and all major groups should play an active role in changing unsustainable consumption and production patterns;” ([A/CONF.216/5](#) , para 1.a)

10YFP adopted text

Secretariat

The [A/CONF.216/5](#) adopted document provides:

- **Common vision, objectives and values** (para 1 & 2)
- **Functions** (para 3)
- **Organizational structure** (para 4)
- **Mid term review** (para 5)
- **Means of Implementation** (para 6)
- **SCP Programmes** (para 7-10)

10YFP Main Objectives

Secretariat

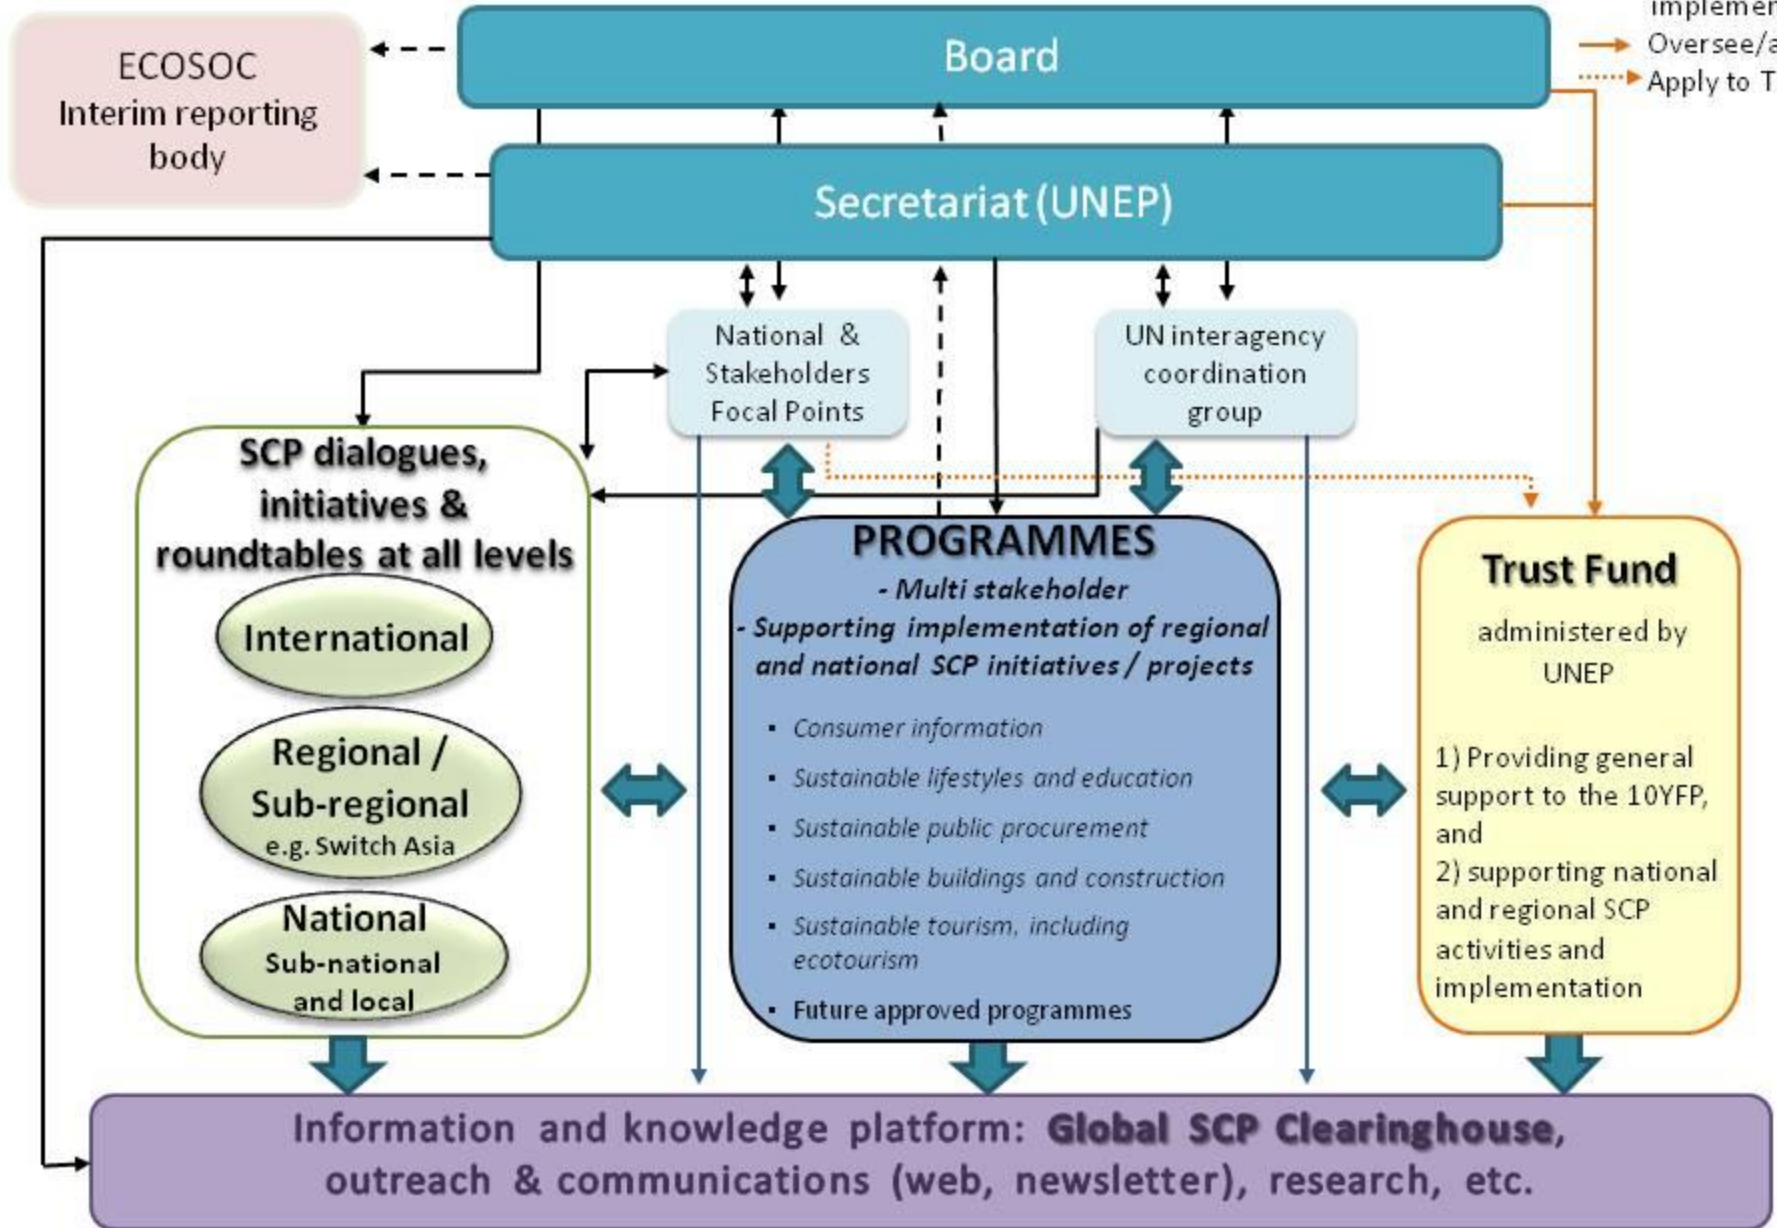

- **Accelerate the shift towards SCP in all countries** by supporting regional and national policies and initiatives.
- **Increase resource efficiency and decouple economic growth** from environmental degradation, **creating decent job and economic opportunities**, contributing to **poverty eradication and shared prosperity**.
- Support **capacity building** and facilitate access to **financial and technical assistance for developing countries**, supporting the implementation of SCP activities at the regional, sub-regional and national levels.
- Serve as an **information and knowledge sharing platform on SCP to enable all stakeholders** to exchange policies, tools, initiatives and best practices, enhancing cooperation

10YFP Trust Fund . Objectives

Secretariat

- **To receive and mobilize resources in a stable, sustained and predictable manner** to develop SCP programmes in developing countries and countries with economies in transition, as appropriate, and to promote the transparent allocation of resources;
- **Be used to support the implementation of the 10YFP in developing countries**, such as providing seed money for developing and implementing programme proposals;
- **Donors, the private sector and others** will be encouraged to contribute to the trust fund, once established, **providing general support to the 10YFP, as well as support to specific programmes and initiatives** responding to the national and regional priorities of developing countries.

Programmes at the core of the 10YFP

Secretariat

The first 5 indicative and non-exhaustive list

- Consumer information;
- Sustainable lifestyles and education;
- Sustainable public procurement (SPP);
- Sustainable buildings and construction (SBC);
- Sustainable tourism, including ecotourism.

10YFP programmes

Secretariat

Programmes will serve as “umbrellas” that bring together existing and/or develop new initiatives and partnerships to fill capacity & knowledge “gaps”.

They will **build synergies and cooperation** between stakeholders, and allow scaling up and replication of policies, voluntary measures, management practices, and partnerships promoting the shift to SCP patterns, engaging governments, business, civil society, consumers and other major groups.

Programmes are expected to **deliver capacity building and technical support as necessary at all levels:** regional, sub-regional, national and local

Stakeholder focal points

Secretariat

Major Groups and Stakeholders are essential partners for the 10YFP:

- the 10YFP is a multi-stakeholder framework of voluntary cooperation for a collective impact on SCP
- Major Groups and stakeholders are already taking action on SCP, and can contribute to scale up and replicate good practices.
- they could facilitate coordination and information at regional and international level.

*“ Fundamental changes in the way societies produce and consume are indispensable for achieving global sustainable development.... **Governments, relevant international organizations, the private sector and all major groups should play an active role in changing unsustainable consumption and production patterns;**” ([A/CONF.216/5](#) , para 1.a)*

Role of Stakeholder Focal Points

Secretariat

- **Provide guidance, facilitate and coordinate the engagement of stakeholders/major groups in the 10YFP activities and implementation**
- Support the vision, objectives and goals of the 10YFP;
- Act as an effective channel for communications on the 10YFP to their constituencies, and be the focal points for the 10YFP Secretariat and Board;
- Contribute to the 10YFP implementation, providing expertise and encouraging their networks and partnerships to participate in relevant areas of the 10YFP;
- Share information on the SCP activities carried out by the major group;
- Identify synergies and enhance cooperation with other 10YFP focal points and stakeholders;
- Comment on strategic and implementation documents on the 10YFP;
- Identify and propose emerging issues and/or additional programmes;
- Participate in teleconferences, webinars and relevant 10YFP meetings.

Stakeholder Focal Points Nomination Process

Secretariat

Major Groups of **ECOSOC Organizing Partners** and **UNEP Facilitating Committees** have been invited to work together and nominate 10YFP stakeholder focal points.

Each of the 9 Major groups will nominate in an open and transparent process:

- **1 Global stakeholder focal point and an alternate ,and**
- **5 regional focal points and alternates (based on the UN Regional Groups).**

The objective is to increase the voices and participation of stakeholders and major groups at the regional level, and their active engagement in the activities and implementation of the 10YFP.
